

ORANGE WINDSOR SUPERVISORY UNION

Royalton School District

HEAD LICE

The psychological, social and economic impact of head lice infestations can create a problem in the school community. Recognizing that cases exist from time to time, it is the policy of the Royalton Board of School Directors that the South Royalton School will take the necessary measures to decrease the spread of head lice and reduce any loss of instructional time for students. The school reserves the right to exclude a child from school for live head lice.

The school principal, in cooperation with the school nurse, will develop procedures to implement this policy.
